

BCKSC Membership

Thank you for choosing to support the BC Kodaly Society of Canada. Membership in the BCKSC serves several purposes:

- Membership includes the national KSC organization which promotes the Kodaly approach to music education through workshops, a biannual publication, Alla Breve, and support for teachers interested in furthering their Kodaly training.
- At the provincial level, membership includes workshops that bring together music educators who share the common goal of music literacy for children.
- The BCKSC helps to provide clinicians for such events as the BCMEA conference, in order to ensure quality professional development in music education, at a time when teacher training programs are suffering.

Cost of membership in the BCKSC includes membership in the national KSC organization. For information about BCKSC, check our website at <http://www.bcksc.ca/> For more information about KSC, check the website at www.kodalysofcanada.ca

Contact the BCKSC: Registrar, Sue Herzog at treasurer@bcksc.ca
